

**CITY OF GARDEN GROVE
MEMBER OF THE CITY COUNCIL**

PAUL (TUONG THANG) TRAN

AGE: 45

OCCUPATION: Software Analyst, News Analyst and Commentator
for VOV radio program.

As a news analyst for VOV radio program, I have closely followed the issues regarding our community for 15 years. As an activist I have worked tirelessly in bringing understanding, openness, and cooperation between different ethnic groups, in promoting beneficial changes in local government, and facilitating open dialogue between the city's government and its citizens.

As a member of the Council, I will work to:

Build a better Garden Grove. We must control traffic, protect our neighborhoods, combat crime and gang-related problems, hire more police officers, add affordable housing, and support senior housing. We must enhance the relationship between the City and our schools.

Plan our budgets wisely during our state's fiscal crisis, providing the best and most courteous service to our residents.

Preserve our community services, and enhance our vibrant and diverse local retail areas.

Make government accountable to our residents. Undesirable project developments should be defeated.

Together we can do it! Vote for Paul Tran: vote for new ideas, vote for changes.
